

WOGI Summer Institute

Come hear noted author and lecturer **Dr. Beverly Shaklee** (one of the editors of NAGC's *Aiming for Excellence: Gifted Program Standards*) talk about reducing disproportionality and **Dr. Cecelia Boswell** talk about Differentiation and AP courses. **Denise Bishop** will also join us to share her insight about test administration, use, and interpretation. Exchange ideas with other gifted coordinators from across the state. Representatives from pilot districts will be reporting on the progress to date on those newly implemented practices and/or procedures to help reduce disproportionality in their gifted programs and services for secondary gifted students. This is a wonderful opportunity to share what works for you, learn what others in the state are doing, and consider coming on board for a pilot for next year.

Special Information: WOGI grant funding is available to pay for two nights lodging at the Renaissance Resort in the World Golf Village in St. Augustine for **one participant from each district**. Please determine who will act as a representative for your district. To be eligible, contact **Laurel Stanley** on or before **June 5, 2006**. Note Laurel's e-mail address and telephone number below. Then make your own hotel reservations with the **World Golf Village by June 5** to ensure our group rate. Your hotel bill will be paid from our master account. Be sure to state that you are with the WOGI Project. Additional nights are available for a rate of \$99.

When: June 12 (8:30-4:30) and
June 13 (8:30-12:30)
Where: World Golf Village
500 South Legacy Trail (Exit 323 on I-95)
St. Augustine, FL 32092
888-740-7020

To register for the 2006 WOGI Institute contact Laurel Stanley at stal0008@unf.edu by **June 5, 2006**. (telephone 904-620-2919).
